

Free Junior Climate Challenge Fund workshop in Edinburgh

Monday 16 July, 11:45 - 13:00

Edinburgh Centre for Carbon Innovation, High School Yards, Edinburgh, EH1 1LZ

**An open invitation for young people (and adults)
to learn about the Junior Climate Challenge Fund (JCCF) and how it can
provide funds and support for local projects led by young people aged 21
and under that tackle climate change**

WHAT TYPE OF PROJECT COULD I RUN?

ENERGY EFFICIENCY - You could hold an event to raise awareness of energy that is being wasted in your school, sports hall or at home. Even little things like unplugging mobile phones when they have finished charging and not leaving electrical items on standby can reduce energy use and add up to make a difference to our carbon footprint.

RESOURCES - Cutting down on the amount of new stuff we buy can help reduce carbon footprint. You could organise a clothing swap shop. Or maybe you have another idea to help people reuse and recycle?

FOOD - You could encourage people to grow their own fruit and veg in a school, community garden or at home. Or maybe you could draw up a list of local suppliers and publicise it to the local community?

TRANSPORT - You could run a project to encourage your classmates and community to use lower carbon forms of transport such as public transport, lift shares, walking, cycling, skating or scooting instead of driving.

YOUR OWN IDEA - Alternatively, maybe you have another idea to reduce carbon emissions and help tackle climate change. If so, we'd love to hear from you!

At this JCCF workshop you'll be able to:

- Get the lowdown on the JCCF
- Work with other attendees to develop project ideas
- Chat with a Development Officer about project ideas
- Hear about other organisations who might be able to help and support

The event has been organised by Keep Scotland Beautiful who manage the JCCF on behalf of the Scottish Government.

This event is free, but please complete the online registration available through the [JCCF events page](https://www.climatechallengefund.org/jccf-events) of www.climatechallengefund.org or via the QR code. Or call 01786 468 245, email tim.mullens@keepscotlandbeautiful.org

Keep Scotland Beautiful is the independent charity which is committed to making Scotland clean and green, today and tomorrow
