

New Portobello High School

September 2014 Newsletter

Construction start

We would like to take this opportunity to introduce ourselves as Balfour Beatty Construction. We are the main contractor carrying out the construction of the new Portobello High School for the City of Edinburgh Council.

We will be commencing the construction of the new Portobello High School early in October 2014. We will keep you informed on the progress of the works and any issues affecting the surrounding area on a regular basis.

We intend to hold a Community drop in session on the 25th September 2014 between 4.00pm and 7.30pm at the existing Portobello High School in the library. This is just prior to the works commencing and we will present our Community engagement plan to all interested residents and businesses who may be affected by the construction works.

Our core working hours will be Monday to Friday 07.30 to 18.00hrs and Saturday 07.30 to 15.30hrs.

The construction site will have a security presence outwith these working hours.

It is our intention to carry out our works with minimum disruption and inconvenience to all our neighbours. We operate an open door policy where we encourage any concerns and complaints to be brought to our attention.
