

Questions for both

1. Portobello Town Hall was built for the benefit of the people of the old Burgh of Portobello. Under your proposals, what legal guarantees are there that the primary beneficiaries of the Town Hall will continue to be the community of Portobello in the long term?
2. There is no expansion on what the process for determining community is when it comes to rental hours. Both in how this would be determined, and what would be available?
3. How would different groups competing for hours be compared. What would be the availability for other community or commercial hire after the essential business hours were utilised?
4. What process of equality would be put in place to review this?
5. Would other venues in Portobello be involved in the identification of community groups?
6. What would the the determination process for every night being at Full capacity?
7. Would a full 24 hour type licorice licence be awarded? Or would a cafe be of a community level of full commercial? Would there be a commercial kitchen available? To what level of availability?
8. Would this become a venue for extended activities in periods like the fringe? How would this be monitored?
9. How does they envisage securing the funds for the necessary work required to get the building back up and running in a meaningful/useful way?
